Sample Document

Introduction

This fixture exercises the text layer of the reader. It has enough body text for the exporter to find the body size, a hyphenated word, and a second paragraph below.

The second paragraph is separated by vertical space.

- first item
- second item

```
let answer = 42;
```

Results

The second page holds the closing remarks of the document.

Table 1: Scores by model.

Model	Score	Cost
Small	27.3	3.3
Big net	28.4	2.3

Option	Description
`-p`	Show the patch introduced with each commit.
`--stat`	Show statistics.
